*E-MCR is an organisation that aims to promote the Radiography Profession within European and Mediterranean Countries by organising congresses, publications and initiate research*

**Membership Benefits (for 2007)**

1. Subscription to the New peer-review Journal *European Journal of Radiography; (incorporating Diagnostic Imaging, Radiotherapy and Nuclear Medicine). For Standard Membership only*
2. Free copy of the Proceedings from the Euro-Med Congress as a Supplement to the Journal
3. '*Early Registration Fee*' will be available to members up till the days of the Congress, even for on-site registration
4. Other benefits will be added as our membership increases

Membership is open for those interested in either one of the three branches of Radiography: Diagnostic Imaging (including MRI, CT, Ultrasound, Mammography), Radiotherapy and Nuclear Medicine.

Students require an enrolment letter from their educational institution to benefit from reduced membership fees.

# Euro-Med Congress for Radiographers

Dear Colleagues,

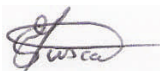

Most of you probably already heard about the Euro-Med Congress for Radiographers or even attended our first Congress in September 2005. More information about our Congresses is available on the website.

The E-MCR is now moving into a new and exciting stage and early next year will also see the introduction of a new peer-reviewed journal for Radiography titled **European Journal of Radiography**. This will be published in partnership with Elsevier; one of the world's largest publishers in the medical field. This journal will incorporate articles from the three specialities of Radiography; Diagnostic Imaging, Radiotherapy and Nuclear Medicine. Our plans are to publish 4 issues from 2008 onwards (Mar, Jun, Sep, Dec).

The journal will carry review articles, clinical research, case studies, book reviews and a lot more of CPD material. To sustain such venture it is necessary to introduce a membership fee whereby paid-up members will receive a free copy (electronic and printed) as part of their membership. Other benefits are listed in this leaflet. Apply for a 2-year membership during the E-MCR and benefit immediately from a reduced membership for 2009.

We strongly rely on your support for the future development of E-MCR.

Thank you for your support

Stanley Muscat (MSc)  
President E-MCR

## Editorial Board

**Editor-in-Chief:** Mrs D Pronk Larive (*NL*)

**Editorial Board:** Mr J Castillo (*MT*)

Mr D Koumarianos (*GR*)

Ms S Dennen (*IE*)

Ms G Jager (*DE*)

Ms M Eiras (*PT*)
